aedanwynn@outlook.com

Southampton, Hampshire SO18 1QP

### Personal profile

Some skills I own include the ability to communicate whilst maintaining a leadership role in a team, listening to others' opinions and being a critical thinker. These qualities make me perfect for a role in such a team. My past endeavours may help in my courses as well. My Duke of Edinburgh award experience proves I am not only responsible, trustworthy and analytical but have an interest in physical activities.

### Competencies

#### Numeracy

My high achieving grade in mathematics at a GCSE and A-Level prove that i have good numeracy skill.

#### Teamwork

Completing the Duke of Edinburgh bronze scheme shows that i have team-working skills. A main aspect of D of E is the expedition, which i completed with 4 others, working together to reach one goal. Also i was required to take part in a sport and volunteer, both which needed some team working skills.

#### Independence

Throughout school and college, i have kept on top of all my work, without the need to ask for assistance from anybody else. This includes ensuring each task was completed on time, and to an expected good standard.

#### Presenting

Throughout my 2 year IT course in college, i was required to complete many presentations, some by myself and some as part of a team.

### Work experience

January 2017

#### Volunteering at a Library - Cobbett Road Library

I developed skills in communication, organisation and patience as i had to work with librarians to keep the standard of the library up as well as keeping the members satisfied. Time management became less of an issue for me as i learnt to better organise my hours working leading to me being more confident in my abilities to be flexible as well as keeping up a productive routine.

### Education

September 2018 - June 2020

#### A-levels - Barton Peveril Sixth Form College

3 A-levels or equivalent. Distinction star in IT, C in Physics, D in Maths. Earned a Principal's certificate in IT.

September 2013 - June 2018

#### GCSEs - Bitterne Park School

8 GCSE grades, graded 4-9. 7 in Maths, Combined Science and English Language, A in ICT, 6 in Geography and Combined Science, 5 in French and English Literature. Earned a silver level STEM science award.

### Other interests

August 2017 - Present

#### Computer building

In my spare time I enjoy working on personal projects. For example, I currently build computers using many parts collected over time. This shows I am self-managed and well organised, whilst still progressing in the project. I believe I cope well with stress and high workloads. For relaxation, I enjoy socialising with friends in real or virtual worlds.
